You Are Not Alone

Have you read Don's story yet? [\*A Cure Story from Don\*](#)

This is a true account of one man's CURE--once final and forever! (no bull!) from being pee-shy and paruretic. I was about 13 when a bully that was taunting me socked me in the arm while at a urinal in junior high school--telling me to hurry up! That was it--the beginning of the avoidance and anxiety that became my paruresis phobia. It bothered me throughout junior high and high school. Not being able to pee...[READ THE REST HERE](#)

## Frequently Asked Questions

Q: I'm facing a urine drug test for employment, what can I do?

A: It depends on how much time you have. Because a recovery program can take several weeks or months to produce significant progress, your options are more limited if the test is in a few days. If you know the test isn't likely for quite a while, get into a recovery program immediately. You may be able to provide a sample without any additional measures. [READ MORE HERE](#)
